## AMENDMENT AND RESPONSE

**Assistant Commissioner for Patents** Washington, D.C. 20231

Dear Sir:

The following remarks are submitted in response to the Office Action mailed on January 4, 2001.

## **REMARKS**

Claims 56-65 are pending in the present application. The Examiner rejected claims 55-66 as being anticipated under 35 U.S.C. § 102(e) by U.S. Patent 6,123,819 to Peeters ("Peeters"). (It is believed that the Examiner intended to reject claims 56-65 and did not intend to include claim 66 because that claim is part of non-elected Group II) Reconsideration of the pending claims is respectfully requested in view of the following comments.
